Subject Index

Abdominal aorta
–, Magnetic resonance imaging of the retroperitoneum, J.K.T. Lee 48
Adrenal gland, abnormalities
–, Retroperitoneal leiomyosarcoma: a rare cause of adrenal pseudotumor on CT and MRI, R.D. Harris, J.A. Heaney, B.L. Suekoa, P.R. Burke 186
Adrenal gland, computed tomography
–, CT and MRI of adrenal lesions, N.R. Dunnick 12
Adrenal gland, magnetic resonance
–, CT and MRI of adrenal lesions, N.R. Dunnick 12
Angiitis
–, Renal hypertension, B.J. Hillman 31
Angiography
–, Pharmacoangiography of the penile arteries, L. Forsberg, L. Ekelund, E. Hederstrom, A.M. Olsson 132
Arteriography, impotence
–, Arteriography and radiology of impotence, M.P. Rosen, T.G. Walker, A.J. Greenfield 136
Arteriography, pudendal
–, Nonprosthetic surgical strategies for impotence, A.W. Zorgniotti, E. Lizza 151
Atherosclerosis
–, Renal hypertension, B.J. Hillman 31
Bardet-Biedl syndrome
–, Sonographic and urographic correlation in Bardet-Biedl syndrome (formerly Laurence-Moon-Biedl syndrome), B. Cramer, J. Green, J. Harnett, G.J. Johnson, P. McManamon, N. Farid, W. Pryse-Phillips, P.S. Parfrey 176
Bladder
–, Agenesis of the bladder: a case report and review of the literature, F. Aragona, G.P. Glazel, P. Zaramella, C. Zorzi, E. Talenti, R. Perale, A. Marigo 207
Bladder, agenesis
–, Agenesis of the bladder: a case report and review of the literature, F. Aragona, G.P. Glazel, P. Zaramella, C. Zorzi, E. Talenti, R. Perale, A. Marigo 207
Bladder cancer
–, Comparison of magnetic resonance imaging with computed tomography and intravesical ultrasound in staging bladder cancer, J.O. Salo, L. Kivisaari, T. Lehtonen 167
Bladder, computed tomography
–, Comparison of magnetic resonance imaging with computed tomography and intravesical ultrasound in staging bladder cancer, J.O. Salo, L. Kivisaari, T. Lehtonen 167
Blood pressure measurements
–, Doppler studies of the penile circulation, L. Forsberg, A.M. Olsson 129
Candidiasis
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
Captopril
–, Renewed role of nuclear medicine in renovascular hypertension, M.D. Blaufox, L.M. Freeman 35
Castleman's disease
–, Castleman's disease with vascular encasement and renal sinus involvement, R.L. Nolan, A. Banerjee, H. Idikio 173
Cavernosography
–, Cavernosography and cavernosometry in the evaluation of impotence, C.P. Delcour, G.A. Vandenbosch, J.L. Struyven 144
–, Nonprosthetic surgical strategies for impotence, A.W. Zorgniotti, E. Lizza 151
Cavernosometry
–, Cavernosography and cavernosometry in the evaluation of impotence, C.P. Delcour, G.A. Vandenbosch, J.L. Struyven 144
Computed tomography (*see also* specific organs)
–, Castleman's disease with vascular encasement and renal sinus involvement, R.L. Nolan, A. Banerjee, H. Idikio 173
–, Comparison of magnetic resonance imaging with computed tomography and intravesical ultrasound in staging bladder cancer, J.O. Salo, L. Kivisaari, T. Lehtonen 167
–, Computed tomography of posterior pararenal and properitoneal metastases, H.V. Posniak, C. Tempany, T.C. Demos, L. Love 75
–, Renal tuberculosis, J.A. Becker 25
–, Retroperitoneal leiomyosarcoma: a rare cause of adrenal pseudotumor on CT and MRI, R.D. Harris, J.A. Heaney, B.L. Sueoka, P.R. Burke 186
–, Urinary tract malakoplakia with extension into the retroperitoneum with secondary gastrointestinal involvement, S.J. Westra, B. Verbeeten, Jr., T.C.Th.M. Bots, T.L. Tio, G.N.J. Tytgat, W.H. Brummelkamp, J.W.A.J. Reeders 181
–, Xanthogranulomatous pyelonephritis: comparison of extent using computed tomography and magnetic resonance imaging in one case, M.A.M. Feldberg, L.P. Driessen, T.D. Witkamp, M.S. van Leeuwen, P.F.G.M. van Waes 92
Contrast enhancement
–, New and old contrast agents: pharmacology, tissue opacification, and excretory urography, R.F. Spataro 2
Contrast media
–, New and old contrast agents: pharmacology, tissue opacification, and excretory urography, R.F. Spataro 2
Contrast media, low osmolality
–, New and old contrast agents: pharmacology, tissue opacification, and excretory urography, R.F. Spataro 2
–, New and old contrast agents: physiology and nephrotoxicity, R.W. Katzberg 6
Contrast media, nonionic
–, New and old contrast agents: pharmacology, tissue opacification, and excretory urography, R.F. Spataro 2
–, New and old contrast agents: physiology and nephrotoxicity, R.W. Katzberg 6
Contrast media, water-soluble
–, New and old contrast agents: physiology and nephrotoxicity, R.W. Katzberg 6
Corpus cavernosum
–, Cavernosography and cavernosometry in the evaluation of impotence, C.P. Delcour, G.A. Vandenbosch, J.L. Struyven 144
Cysts
–, Midline omphalovesical anomalies in children: contribution of ultrasound imaging, E.F. Avni, C. Matos, F. Diard, C. C. Schulman 189
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L.

Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick ... 59
Cysts, renal
–, MRI of multilocular cystic nephroma, A. Dikengil, M. Benson, L. Sanders, J.H. Newhouse ... 95
Diagnosis, accuracy
–, Image quality, diagnostic certainty, and accuracy: comparison of conventional and digital urograms, L.L. Fajardo, B.J. Hillman ... 72
Diagnosis, certainty
–, Image quality, diagnostic certainty, and accuracy: comparison of conventional and digital urograms, L.L. Fajardo, B.J. Hillman ... 72
Doppler studies
–, Doppler studies of the penile circulation, L. Forsberg, A.M. Olsson ... 129
Echinococcus
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman ... 17
Editorial introduction
–, Editorial: special issue: impotence, H.A. Mitty, L. Ekelund ... 117
–, Editorial: special issue: uroradiology update, J.A. Becker ... 1
Embolization, intraarterial
–, Intraarterial embolization in combination with surgery in the management of congenital pelvic arteriovenous malformation, H. Van Poppel, H. Claes, R. Suy, G. Wilms, R. Oyen, L. Baert ... 89
Embryology
–, Agenesis of the bladder: a case report and review of the literature, F. Aragona, G.P. Glazel, P. Zaramella, C. Zorzi, E. Talenti, R. Perale, A. Marigo ... 207
Endosonography
–, Urinary tract malakoplakia with extension into the retroperitoneum with secondary gastrointestinal involvement, S.J. Westra, B. Verbeeten, Jr., T.C.Th.M. Bots, T.L. Tio, G.N.J. Tytgat, W.H. Brummelkamp, J.W.A.J. Reeders ... 181
Epididymis
–, MRI of the scrotum, P.J. Fritzsche ... 52
Erectile dysfunction
–, The evaluation of erectile dysfunction, A. Melman ... 119
–, Pharmacoangiography of the penile arteries, L. Forsberg, L. Ekelund, E. Hederstrom, A.M. Olsson ... 132
Extracorporeal shock wave lithotripsy (ESWL)
–, Extracorporeal shock wave lithotripsy: clinical results, S.T. Cochran ... 46
–, Urinary extracorporeal shock wave lithotripsy: equipment, techniques, and overview, R.C. Pfister, N. Papanicolaou, I.C. Yoder ... 39
Fallopian tube, neoplasms
–, Carcinoma of the fallopian tube, A. Hinton, C. Bea, A.C. Winfield, S.S. Entman ... 113
Fistula, urogenital
–, Vesicouterine fistula associated with placenta percreta, S. Krysiewicz, Y.H. Auh, E. Kazam ... 213
Fistula, vesicouterine
–, Vesicouterine fistula associated with placenta percreta, S. Krysiewicz, Y.H. Auh, E. Kazam ... 213
Fraley's syndrome
–, Fraley's syndrome: case report and update on current diagnostic methods, L.S. Zuckier, Y.D. Patel, E.J. Fine, M. Koenigsberg ... 103
Genitourinary system, pediatric
–, Sonographic diagnosis and follow-up of abdominal neuroblastoma, D.D. Dershaw, L. Helson ... 80
Hamartoma, angiomatous lymphoid
–, Castleman's disease with vascular encasement and renal sinus involvement, R.L. Nolan, A. Banerjee, H. Idikio ... 173
Hydronephrosis
–, Fraley's syndrome: case report and update on current diagnostic methods, L.S. Zuckier, Y.D. Patel, E.J. Fine, M. Koenigsberg ... 103
Hypernephroma
–, Unusual solitary soft tissue metastases from renal cell carcinoma, J.C. Lipman, K.R. Loughlin, J.P. Richie, S.S. Tumeh ... 110
Hyperplasia, adrenal
–, CT and MRI of adrenal lesions, N.R. Dunnick ... 12
Hyperplasia, benign giant lymph node
–, Castleman's disease with vascular encasement and renal sinus involvement, R.L. Nolan, A. Banerjee, H. Idikio ... 173
Hypertension, renal
–, Renal hypertension, B.J. Hillman ... 31
Hypertension, renovascular
–, Renewed role of nuclear medicine in renovascular hypertension, M.D. Blaufox, L.M. Freeman ... 35
Hysterosalpingography
–, Carcinoma of the fallopian tube, A. Hinton, C. Bea, A.C. Winfield, S.S. Entman ... 113
^{131}I Hippuran imaging
–, Fraley's syndrome: case report and update on current diagnostic methods, L.S. Zuckier, Y.D. Patel, E.J. Fine, M. Koenigsberg ... 103
Image quality, urograms
–, Image quality, diagnostic certainty, and accuracy: comparison of conventional and digital urograms, L.L. Fajardo, B.J. Hillman ... 72
Impotence
–, Arteriography and radiology of impotence, M.P. Rosen, T.G. Walker, A.J. Greenfield ... 136
–, Cavernosography and cavernosometry in the evaluation of impotence, C.P. Delcour, G.A. Vandenbosch, J.L. Struyven ... 144
–, Editorial: special issue: impotence, H.A. Mitty, L. Ekelund ... 117
–, Nonprosthetic surgical strategies for impotence, A.W. Zorgniotti, E. Lizza ... 151
–, Penile prostheses, A. Kirschenbaum, H.A. Mitty ... 160
–, Posttraumatic impotence: resulting from transcatheter embolization, S.J.A. Sclafani, K. Weiss, S. Glanz, T.M. Scalea, A.O. Duncan, N. Atweh ... 156
–, Ultrasonographic evaluation of Peyronie's disease, G. Balconi, E. Angeli, R. Nessi, L. de Flaviis ... 85
Infection
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman ... 17
Inferior vena cava
–, Magnetic resonance imaging of the retroperitoneum, J.K.T. Lee ... 48
Inflammatory renal disease
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman ... 17
Kidney, calculi
–, Extracorporeal shock wave lithotripsy: clinical results, S.T. Cochran ... 46

–, Urinary extracorporeal shock wave lithotripsy: equipment, techniques, and overview, R.C. Pfister, N. Papanicolaou, I.C. Yoder 39
Kidney, carcinoma
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L. Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick 59
–, Unusual solitary soft tissue metastases from renal cell carcinoma, J.C. Lipman, K.R. Loughlin, J.P. Richie, S.S. Tumeh 110
Kidney, computed tomography
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L. Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick 59
Kidney, cysts
–, MRI of multilocular cystic nephroma, A. Dikengil, M. Benson, L. Sanders, J.H. Newhouse 95
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L. Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick 59
Kidney, infection
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
Kidney, neoplasms
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L. Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick 59
Kidney, radionuclide studies
–, Fraley's syndrome: case report and update on current diagnostic methods, L.S. Zuckier, Y.D. Patel, E.J. Fine, M. Koenigsberg 103
Kidney, ultrasound
–, Fraley's syndrome: case report and update on current diagnostic methods, L.S. Zuckier, Y.D. Patel, E.J. Fine, M. Koenigsberg 103
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L. Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick 59
Laurence-Moon-Biedl syndrome
–, Sonographic and urographic correlation in Bardet-Biedl syndrome (formerly Laurence-Moon-Biedl syndrome), B. Cramer, J. Green, J. Harnett, G.J. Johnson, P. McManamon, N. Farid, W. Pryse-Phillips, P.S. Parfrey 176
Leiomyosarcoma, retroperitoneal
–, Retroperitoneal leiomyosarcoma: a rare cause of adrenal pseudotumor on CT and MRI, R.D. Harris, J.A. Heaney, B.L. Sueoka, P.R. Burke 186
Lithotriptor devices
–, Urinary extracorporeal shock wave lithotripsy: equipment, techniques, and overview, R.C. Pfister, N. Papanicolaou, I.C. Yoder 39
Lower urinary tract, embryology
–, Agenesis of the bladder: a case report and review of the literature, F. Aragona, G.P. Glazel, P. Zaramella, C. Zorzi, E. Talenti, R. Perale, A. Marigo 207
Lymph nodes
–, Magnetic resonance imaging of the retroperitoneum, J.K.T. Lee 48
Lymphatic fluid collections
–, Povidone-iodine sclerosis of pelvic lymphoceles: a prospective study, R.H. Cohan, M. Saeed, S.J. Schwab, L.M. Perlmutt, N.R. Dunnick 203
Lymphocele, percutaneous drainage
–, Povidone-iodine sclerosis of pelvic lymphoceles: a prospective study, R.H. Cohan, M. Saeed, S.J. Schwab, L.M. Perlmutt, N.R. Dunnick 203
Lymphocele, sclerosis
–, Povidone-iodine sclerosis of pelvic lymphoceles: a prospective study, R.H. Cohan, M. Saeed, S.J. Schwab, L.M. Perlmutt, N.R. Dunnick 203
Magnetic resonance imaging
–, CT and MRI of adrenal lesions, N.R. Dunnick 12
–, Magnetic resonance imaging of the retroperitoneum, J.K.T. Lee 48
–, MRI of the scrotum, P.J. Fritzsche 52
–, Pelvic lipomatosis: diagnosis and characterization by magnetic resonance imaging, B.E. Demas, A. Avallone, H. Hricak 198
Magnetic resonance imaging, abdominal
–, Xanthogranulomatous pyelonephritis: comparison of extent using computed tomography and magnetic resonance imaging in one case, M.A.M. Feldberg, L.P. Driessen, T.D. Witkamp, M.S. van Leeuwen, P.F.G.M. van Waes 92
Magnetic resonance imaging, bladder
–, Comparison of magnetic resonance imaging with computed tomography and intravesical ultrasound in staging bladder cancer, J.O. Salo, L. Kivisaari, T. Lehtonen 167
Magnetic resonance imaging, nephroma
–, MRI of multilocular cystic nephroma, A. Dikengil, M. Benson, L. Sanders, J.H. Newhouse 95
Magnetic resonance imaging, pseudotumor
–, Retroperitoneal leiomyosarcoma: a rare cause of adrenal pseudotumor on CT and MRI, R.D. Harris, J.A. Heaney, B.L. Sueoka, P.R. Burke 186
Malakoplakia
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
Malakoplakia, gastrointestinal
–, Urinary tract malakoplakia with extension into the retroperitoneum with secondary gastrointestinal involvement, S.J. Westra, B. Verbeeten, Jr., T.C.Th.M. Bots, T.L. Tio, G.N.J. Tytgat, W.H. Brummelkamp, J.W.A.J. Reeders 181
Malakoplakia, renal
–, Urinary tract malakoplakia with extension into the retroperitoneum with secondary gastrointestinal involvement, S.J. Westra, B. Verbeeten, Jr., T.C.Th.M. Bots, T.L. Tio, G.N.J. Tytgat, W.H. Brummelkamp, J.W.A.J. Reeders 181
Malakoplakia, retroperitoneal
–, Urinary tract malakoplakia with extension into the retroperitoneum with secondary gastrointestinal involvement, S.J. Westra, B. Verbeeten, Jr., T.C.Th.M. Bots, T.L. Tio, G.N.J. Tytgat, W.H. Brummelkamp, J.W.A.J. Reeders 181
Malformation, congenital arteriovenous
–, Intraarterial embolization in combination with surgery in the management of congenital pelvic arteriovenous malformation, H. Van Poppel, H. Claes, R. Suy, G. Wilms, R. Oyen, L. Baert 89

Metastases
–, Unusual solitary soft tissue metastases from renal cell carcinoma, J.C. Lipman, K.R. Loughlin, J.P. Richie, S.S. Tumeh 110
Metastases, adrenal
–, CT and MRI of adrenal lesions, N.R. Dunnick 12
Metastases, peritoneal
–, Computed tomography of posterior pararenal and properitoneal metastases, H.V. Posniak, C. Tempany, T.C. Demos, L. Love 75
Microangiography
–, Urothelial microvascular response to chronic renal inflammatory disease, J.T. Cuttino, Jr., R.L. Clark 68
Neoplasms, pediatric
–, Sonographic diagnosis and follow-up of abdominal neuroblastoma, D.D. Dershaw, L. Helson 80
Nephroma, multilocular cystic
–, MRI of multilocular cystic nephroma, A. Dikengil, M. Benson, L. Sanders, J.H. Newhouse 95
Neuroblastoma, abdominal
–, Sonographic diagnosis and follow-up of abdominal neuroblastoma, D.D. Dershaw, L. Helson 80
Nuclear medicine
–, Renewed role of nuclear medicine in renovascular hypertension, M.D. Blaufox, L.M. Freeman 35
Opacification, renal pelvocaliceal mucosal
–, Urothelial microvascular response to chronic renal inflammatory disease, J.T. Cuttino, Jr., R.L. Clark 68
Opacification, tissue
–, New and old contrast agents: pharmacology, tissue opacification, and excretory urography, R.F. Spataro 2
Pelvic lipomatosis, magnetic resonance imaging
–, Pelvic lipomatosis: diagnosis and characterization by magnetic resonance imaging, B.E. Demas, A. Avallone, H. Hricak 198
Pelvis, anatomy
–, Arteriography and radiology of impotence, M.P. Rosen, T.G. Walker, A.J. Greenfield 136
Pelvis, congenital arteriovenous malformation
–, Intraarterial embolization in combination with surgery in the management of congenital pelvic arteriovenous malformation, H. Van Poppel, H. Claes, R. Suy, G. Wilms, R. Oyen, L. Baert 89
Pelvis, lymphoceles
–, Povidone-iodine sclerosis of pelvic lymphoceles: a prospective study, R.H. Cohan, M. Saeed, S.J. Schwab, L.M. Perlmutt, N.R. Dunnick 203
Pelvis, renal
–, Obliterative pyelitis, M. Nino-Murcia, G.W. Friedland 100
Pelvis, spleen
–, Imaging the effects of an ectopic spleen on the urinary tract, M. Nino-Murcia, G.W. Friedland, D. Gross ... 195
Penile arteries
–, Pharmacoangiography of the penile arteries, L. Forsberg, L. Ekelund, E. Hederstrom, A.M. Olsson 132
Penile circulation
–, Doppler studies of the penile circulation, L. Forsberg, A.M. Olsson 129
Penile prostheses
–, Penile prostheses, A. Kirschenbaum, H.A. Mitty 160
Penile revascularization
–, Nonprosthetic surgical strategies for impotence, A.W. Zorgniotti, E. Lizza 151
Penis, cavernosography
–, Cavernosography and cavernosometry in the evaluation of impotence, C.P. Delcour, G.A. Vandenbosch, J.L. Struyven 144
Percutaneous nephrostomy, kidney
–, Extracorporeal shock wave lithotripsy: clinical results, S.T. Cochran 46
Peyronie's disease
–, Ultrasonographic evaluation of Peyronie's disease, G. Balconi, E. Angeli, R. Nessi, L. de Flaviis 85
Pharmacoangiography
–, Pharmacoangiography of the penile arteries, L. Forsberg, L. Ekelund, E. Hederstrom, A.M. Olsson 132
Pheochromocytoma
–, CT and MRI of adrenal lesions, N.R. Dunnick 12
Placenta accreta
–, Vesicouterine fistula associated with placenta percreta, S. Krysiewicz, Y.H. Auh, E. Kazam 213
Placenta increta
–, Vesicouterine fistula associated with placenta percreta, S. Krysiewicz, Y.H. Auh, E. Kazam 213
Placenta percreta
–, Vesicouterine fistula associated with placenta percreta, S. Krysiewicz, Y.H. Auh, E. Kazam 213
Posterior pararenal space
–, Computed tomography of posterior pararenal and properitoneal metastases, H.V. Posniak, C. Tempany, T.C. Demos, L. Love 75
Povidone-iodine sclerosis
–, Povidone-iodine sclerosis of pelvic lymphoceles: a prospective study, R.H. Cohan, M. Saeed, S.J. Schwab, L.M. Perlmutt, N.R. Dunnick 203
Properitoneal space
–, Computed tomography of posterior pararenal and properitoneal metastases, H.V. Posniak, C. Tempany, T.C. Demos, L. Love 75
Pseudotumors
–, Retroperitoneal leiomyosarcoma: a rare cause of adrenal pseudotumor on CT and MRI, R.D. Harris, J.A. Heaney, B.L. Sueoka, P.R. Burke 186
Psoas muscle
–, Magnetic resonance imaging of the retroperitoneum, J.K.T. Lee 48
Pyelitis, chronic
–, Obliterative pyelitis, M. Nino-Murcia, G.W. Friedland 100
Pyelitis, obliterative
–, Obliterative pyelitis, M. Nino-Murcia, G.W. Friedland 100
Pyelography, intravenous
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
–, New and old contrast agents: pharmacology, tissue opacification, and excretory urography, R.F. Spataro 2
Pyelonephritis
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
–, Urothelial microvascular response to chronic renal inflammatory disease, J.T. Cuttino, Jr., R.L. Clark 68
Pyelonephritis, emphysematous
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
Pyelonephritis, xanthogranulomatous
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
–, Xanthogranulomatous pyelonephritis: comparison of extent using computed tomography and magnetic resonance imaging in one case, M.A.M. Feldberg, L.P. Dries-

sen, T.D. Witkamp, M.S. van Leeuwen, P.F.G.M. van Waes 92
Pyeloureteritis cystica
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
Pyonephrosis
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
Radiography, digital
–, Image quality, diagnostic certainty, and accuracy: comparison of conventional and digital urograms, L.L. Fajardo, B.J. Hillman 72
Radioisotope urography
–, Spontaneous perforation of the ureter diagnosed on technetium 99m DTPA excretory urography, E. Barasch, B. Kashdan, A. Rathore 107
Radiology, impotence
–, Arteriography and radiology of impotence, M.P. Rosen, T.G. Walker, A.J. Greenfield 136
Recurrence
–, Unusual solitary soft tissue metastases from renal cell carcinoma, J.C. Lipman, K.R. Loughlin, J.P. Richie, S.S. Tumeh 110
Renal abnormalities
–, Sonographic and urographic correlation in Bardet-Biedl syndrome (formerly Laurence-Moon-Biedl syndrome), B. Cramer, J. Green, J. Harnett, G.J. Johnson, P. McManamon, N. Farid, W. Pryse-Phillips, P.S. Parfrey 176
Renal cell carcinoma
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L. Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick 59
–, Unusual solitary soft tissue metastases from renal cell carcinoma, J.C. Lipman, K.R. Loughlin, J.P. Richie, S.S. Tumeh 110
Renal failure
–, New and old contrast agents: physiology and nephrotoxicity, R.W. Katzberg 6
Renal imaging
–, Sonographic and urographic correlation in Bardet-Biedl syndrome (formerly Laurence-Moon-Biedl syndrome), B. Cramer, J. Green, J. Harnett, G.J. Johnson, P. McManamon, N. Farid, W. Pryse-Phillips, P.S. Parfrey 176
Renal inflammatory disease
–, Urothelial microvascular response to chronic renal inflammatory disease, J.T. Cuttino, Jr., R.L. Clark 68
Renal mass
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L. Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick 59
Renal toxicity
–, New and old contrast agents: physiology and nephrotoxicity, R.W. Katzberg 6
Renal vascular abnormalities
–, Renal hypertension, B.J. Hillman 31
Renal vessels
–, Urothelial microvascular response to chronic renal inflammatory disease, J.T. Cuttino, Jr., R.L. Clark 68
Renin-angiotensin system
–, Renewed role of nuclear medicine in renovascular hypertension, M.D. Blaufox, L.M. Freeman 35
Renography, captopril
–, Renewed role of nuclear medicine in renovascular hypertension, M.D. Blaufox, L.M. Freeman 35
Retroperitoneum
–, Computed tomography of posterior pararenal and properitoneal metastases, H.V. Posniak, C. Tempany, T.C. Demos, L. Love 75
–, Magnetic resonance imaging of the retroperitoneum, J.K.T. Lee 48
Retroperitoneum, inflammatory disease
–, Urinary tract malakoplakia with extension into the retroperitoneum with secondary gastrointestinal involvement, S.J. Westra, B. Verbeeten, Jr., T.C.Th.M. Bots, T.L. Tio, G.N.J. Tytgat, W.H. Brummelkamp, J.W.A.J. Reeders 181
Retroperitoneum, leiomyosarcoma
–, Retroperitoneal leiomyosarcoma: a rare cause of adrenal pseudotumor on CT and MRI, R.D. Harris, J.A. Heaney, B.L. Sueoka, P.R. Burke 186
Roentgenography
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
Schistosomiasis
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
Scintigraphy
–, Fraley's syndrome: case report and update on current diagnostic methods, L.S. Zuckier, Y.D. Patel, E.J. Fine, M. Koenigsberg 103
Scrotum, abnormalities
–, MRI of the scrotum, P.J. Fritzsche 52
Seminal vesicle, anomalies
–, Duplicated urethra communicating with the seminal vesicle, T.A. Linsenmeyer, G.W. Friedland 210
Sonography
–, Carcinoma of the fallopian tube, A. Hinton, C. Bea, A.C. Winfield, S.S. Entman 113
–, Sonographic diagnosis and follow-up of abdominal neuroblastoma, D.D. Dershaw, L. Helson 80
–, Sonography of small renal masses with indeterminant density characteristics on computed tomography, W.L. Foster, Jr., L. Roberts, Jr., R.A. Halvorsen, Jr., N.R. Dunnick 59
Sonography, kidney
–, Renal tuberculosis, J.A. Becker 25
Spleen, ectopic
–, Imaging the effects of an ectopic spleen on the urinary tract, M. Nino-Murcia, G.W. Friedland, D. Gross ... 195
Spleen, wandering
–, Imaging the effects of an ectopic spleen on the urinary tract, M. Nino-Murcia, G.W. Friedland, D. Gross ... 195
Stenosis, renal artery
–, Renal hypertension, B.J. Hillman 31
^{99m}Tc DTPA
–, Spontaneous perforation of the ureter diagnosed on technetium 99m DTPA excretory urography, E. Barasch, B. Kashdan, A. Rathore 107
Testis, magnetic resonance studies
–, MRI of the scrotum, P.J. Fritzsche 52
Testis, neoplasms
–, MRI of the scrotum, P.J. Fritzsche 52
Testis, undescended
–, MRI of the scrotum, P.J. Fritzsche 52
Transcatheter arterial embolization
–, Posttraumatic impotence: resulting from transcatheter

embolization, S.J.A. Sclafani, K. Weiss, S. Glanz, T.M. Scalea, A.O. Duncan, ...
Tuberculosis, renal
–, Renal tuberculosis, J.A. Becker 25
Tumor, adrenal
–, CT and MRI of adrenal lesions, N.R. Dunnick 12
Tumor, bladder
–, Comparison of magnetic resonance imaging with computed tomography and intravesical ultrasound in staging bladder cancer, J.O. Salo, L. Kivisaari, T. Lehtonen 167
Tumor, pediatric
–, Sonographic diagnosis and follow-up of abdominal neuroblastoma, D.D. Dershaw, L. Helson 80
Tumor, testis
–, MRI of the scrotum, P.J. Fritzsche 52
Ultrasonography
–, Ultrasonographic evaluation of Peyronie's disease, G. Balconi, E. Angeli, R. Nessi, L. de Flaviis 85
Ultrasound
–, Sonographic and urographic correlation in Bardet-Biedl syndrome (formerly Laurence-Moon-Biedl syndrome), B. Cramer, J. Green, J. Harnett, G.J. Johnson, P. McManamon, N. Farid, W. Pryse-Phillips, P.S. Parfrey 176
Ultrasound, children
–, Midline omphalovesical anomalies in children: contribution of ultrasound imaging, E.F. Avni, C. Matos, F. Diard, C.C. Schulman 189
Ultrasound, intravesical
–, Comparison of magnetic resonance imaging with computed tomography and intravesical ultrasound in staging bladder cancer, J.O. Salo, L. Kivisaari, T. Lehtonen 167
Ultrasound, kidney
–, Renal tuberculosis, J.A. Becker 25
Ultrasound, pelvic
–, Carcinoma of the fallopian tube, A. Hinton, C. Bea, A.C. Winfield, S.S. Entman 113
–, Castleman's disease with vascular encasement and renal sinus involvement, R.L. Nolan, A. Banerjee, H. Idikio 173
Ultrasound, umbilical arteries
–, Midline omphalovesical anomalies in children: contribution of ultrasound imaging, E.F. Avni, C. Matos, F. Diard, C.C. Schulman 189
Ultrasound, urachus
–, Midline omphalovesical anomalies in children: contribution of ultrasound imaging, E.F. Avni, C. Matos, F. Diard, C.C. Schulman 189
Ureter, ruptured
–, Spontaneous perforation of the ureter diagnosed on technetium 99m DTPA excretory urography, E. Barasch, B. Kashdan, A. Rathore 107
Ureteral perforation
–, Spontaneous perforation of the ureter diagnosed on technetium 99m DTPA excretory urography, E. Barasch, B. Kashdan, A. Rathore 107
Urethra, anomalies
–, Duplicated urethra communicating with the seminal vesicle, T.A. Linsenmeyer, G.W. Friedland 210
Urethra, duplicated
–, Duplicated urethra communicating with the seminal vesicle, T.A. Linsenmeyer, G.W. Friedland 210
Urethra, multiple
–, Duplicated urethra communicating with the seminal vesicle, T.A. Linsenmeyer, G.W. Friedland 210
Urinary infection
–, Obliterative pyelitis, M. Nino-Murcia, G.W. Friedland 100
Urography
–, Renal tuberculosis, J.A. Becker 25
Urography, excretory
–, Image quality, diagnostic certainty, and accuracy: comparison of conventional and digital urograms, L.L. Fajardo, B.J. Hillman 72
–, New and old contrast agents: pharmacology, tissue opacification, and excretory urography, R.F. Spataro 2
–, Spontaneous perforation of the ureter diagnosed on technetium 99m DTPA excretory urography, E. Barasch, B. Kashdan, A. Rathore 107
Urography, intravenous
–, Sonographic and urographic correlation in Bardet-Biedl syndrome (formerly Laurence-Moon-Biedl syndrome), B. Cramer, J. Green, J. Harnett, G.J. Johnson, P. McManamon, N. Farid, W. Pryse-Phillips, P.S. Parfrey 176
Urothelium
–, Urothelial microvascular response to chronic renal inflammatory disease, J.T. Cuttino, Jr., R.L. Clark 68
Vesical malformation
–, Agenesis of the bladder: a case report and review of the literature, F. Aragona, G.P. Glazel, P. Zaramella, C. Zorzi, E. Talenti, R. Perale, A. Marigo 207
X-ray diagnostics
–, Acute and chronic urinary infection: present concepts and controversies, S.M. Goldman 17
